Professional Summary

Final-year **Information Technology undergraduate** at the University of Ruhuna with hands-on experience in **software development, database management, IoT systems, and system analysis**. Skilled in **Java, PHP, JavaScript, Firebase, MySQL, and web/mobile application development** through academic projects. Experienced in designing, developing, testing, and documenting technology solutions with strong problem-solving, teamwork, and analytical skills. Seeking an IT internship opportunity to apply technical knowledge and contribute to innovative software solutions.

Education

Bachelor of Arts (Hons) in Information Technology (UG)

Apr 2023 – current

University of Ruhuna, Matara, Sri Lanka

GPA: 3.64 / 4.00

GCE Advanced Level - Arts Stream

May 2020 – Feb 2022

Kegalu Balika Vidyalaya, Kegalle

Results: A, A, B — Z-score: 1.4166

Diploma in English

Jun 2022 – Dec 2022

British Way English Academy - Passed with Distinction

Technical Skills

Programming Languages: Java, PHP, JavaScript, VB.Net, C

Web Development: HTML, CSS, JavaScript, Bootstrap, PHP, Responsive Web Design

Mobile Development: Android Studio, Java, XML, Android Application Development

Databases: MySQL, Firebase Realtime Database, Cloud Firestore, Firebase Storage

IoT and Embedded Systems: Arduino UNO, ESP32-C3, Sensor Integration, Fingerprint Sensor, IoT Development

Software Engineering: Object-Oriented Programming, Software Testing, Database Design, System Analysis and Design, Data Structures and Algorithms

Tools: GitHub, Visual Studio Code, Android Studio, Arduino IDE, Figma, Canva, Photoshop, WordPress

Projects

Smart Hostel Management System

Sep 2025 – Mar 2026

GitHub – Live Demo

- Developed a web-based hostel management system automating student registration, room allocation, and biometric attendance tracking.
- Integrated ESP32-C3 with an R307 fingerprint sensor for IoT-based biometric attendance and real-time data sync; implemented Firebase Authentication and role-based access control for secure access.
- Conducted a quantitative study of 116 hostel students, finding 71.3% rated the manual record-keeping system as inaccurate – directly shaping the system's design requirements.
- Resolved key integration challenges through team discussion and troubleshooting, and coordinated task delegation across the team.

Technologies: HTML, CSS, JavaScript, ESP32-C3, Firebase, Cloud Firestore, Fingerprint Sensor, Node.js, Email.js

GLAME NEST – Mobile E-Commerce Application

Jun 2025 – Jul 2025

- Developed an Android-based e-commerce application supporting product browsing, shopping cart management, and order processing.
- Integrated Firebase Authentication and Realtime Database for user management and real-time data storage, design user interfaces using XML and the backend using Java.
- Collaborated with team members, managed assigned tasks, and maintained effective communication to achieve project goals.

Technologies: Java, Android Studio, XML, Firebase**IoT-Based Smart Streetlight System**

Dec 2024 – Jan 2025

- Developed an IoT prototype for automatic streetlight control based on ambient light intensity.
- Integrated LDR sensor with Arduino UNO to enable automated ON/OFF switching.
- Programmed embedded control logic using C++ and Arduino IDE.
- Led the project team from planning to deployment, coordinating tasks and timelines to ensure on-time delivery.

Technologies: Arduino UNO, C++, Arduino IDE, LDR Sensor**Publication****Design and Implementation of an IoT-Based Smart Streetlight System with LDR Sensor for Energy Efficiency and Adaptive Lighting Control**

10th Ruhuna Arts Students' Annual Sessions (RASAS) - 2025

Authors: S.M.T.C. Ihalage, S.M.B.N. Weeragala, R.A.S.P. Rajasingha, P.K.G. Maduranga

Certifications

- Japanese Language Proficiency Test (JLPT) N4 - The Japan Foundation and Japan Educational Exchanges and Services (2022)
- Certification of Computer Literacy - Open University of Sri Lanka (2019)

Soft Skills

Communication, Problem Solving, Teamwork, Collaboration, Analytical Thinking, Adaptability, Time Management, Decision Making

Languages

English, Japanese, Sinhala
